

Directions for entering Columbus High School for CWO Wrestling Clinic and Team Practices:

Parents are asked to park in the north parking lot of the high school. From the parking lot, parents and wrestlers are asked to walk around the north side the school on the lighted sidewalk and enter the school through the double set of doors on the north side of the school towards the west end. *(Please do not use the high school activities entrance as those doors are generally locked. We have our own entrance designated to avoid interference with high school activities that take place during our practices.)*
